

DENON

Personal Audio System

D-AJ03

New Design To Create Tasteful Exterior, A Wealth of Features To Make Music More Enjoyable. The D-AJ03 is an All-in-one Mini Component System in a Compact, Space-saving Body.

The D-A03 imparts power and performance in a slim, compact and elegant body. The beauty of the vertical loading CD mechanism, has been engineered to reflect the music it plays.

The Super Dynamic Bass circuit will deliver deep, rich bass with the power to raise your spirits. Your enjoyment is simplified by an easy-to-use remote control. This is just part of the experience that Denon gives you in the D-A03. The rest, of course, is in the exceptional sound you can always count on from a Denon system.

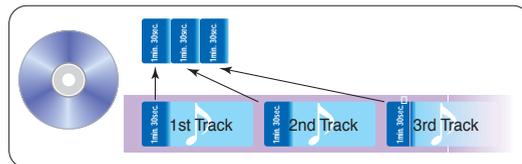

Superior quality sound, much bigger than the D-AJ03 itself

The D-AJ03 incorporates a highly efficient, low-distortion, low-loss toroidal transformer that provides a powerful yet stable supply of power. The D-AJ03 also features a dual structured speaker cabinet that reduces vibration and improves sound projection, a true 2-way speaker system that includes a high sound quality network, high-quality parts throughout, and, of course, DENON's well-known audio technology. The result is a quality of sound that is much bigger than the D-AJ03 itself and which can amply fill the room.

Digest Performance, to quickly check all tracks on an album

This feature plays the first one and a half minutes of all tracks on a disc so that you can check the flow and content of the album in a short time. At the end of each segment, the music fades before the next track starts.

**Plays CD-R and CD-RW discs, too**

The D-AJ03 also plays original CD-R and CD-RW discs containing music recorded on a CD recorder.

* Discs that have been poorly finalized following recording may be only partially playable or not playable at all.

A Wealth of Playback and Editing Functions

In addition to various CD and MD playback options such as Program Play (up to 20 tracks), Random Play, and Repeat Play.

6-mode equalizer

The D-AJ03's equalizer provides 6 modes: Rock, Pops, Vocal, Jazz, Classic, and Flat. You can choose the mode that best suits the music or your mood.

Super Dynamic Bass, to deliver a deep bass sound

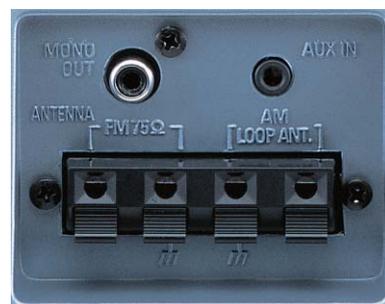

The D-AJ03 includes a Super Dynamic Bass (SDB) circuit that lets you enjoy a powerful bass sound from the unit's compact size. The SDB's bass remains powerful even at low volume levels.

Mono Output terminal

You can connect a self-powered woofer (sold separately) to the D-AJ03 if you wish to enjoy more deep bass.

Auxiliary audio input terminal (Stereo mini jack)

The D-AJ03 provides a set of analog inputs where you can connect the audio output of a computer, video deck, DVD player equipped with 2-channel analog output, or other external audio device.

**Easy-to-read LCD color display****A wealth of timers to suit your lifestyle**

- **Everyday Timer:** Turns the D-AJ03 on or off at a set time each day to let you listen to a CD or radio broadcast. This setting can easily be changed at any time to accommodate a change in daily routine.
- **Once Timer Play:** Turns on or off the D-AJ03 at any set time only once in a day to let you listen to a CD or radio broadcast.
- **Sleep Timer:** Automatically turns off the D-AJ03 in a preset time interval after it is turned on. Settings up to 5 minutes are made in 1-minute increments; settings up to 2 hours are made in 5-minute increments.
