D-M30S

UD-M30 CD Receiver
MS-50 Compact Loudspeaker

CDR-M30 CD-R/CD-RW Recorder Optional
DRR-M30 Cassette Deck Optional

Micro Systems Designed For The Way You Live

Components in the D-M30S series are only 210 mm wide, yet they are endowed with circuitry for superior quality sound and sport an attractive design that blends easily with any interior. The front panel is made of silver aluminum, and a half mirror has been added to the display window to enhance the appearance. The UD-M30 includes the high-end Source Direct function, and the audio and power circuits in all components of the series feature highly-acclaimed DENON technology to ensure that the sound you hear is perfectly smooth and transparent. The UD-M30 CD receiver can be connected to the optional CDR-M30 CD-R recorder or DRR-M30 cassette deck if desired. The remote controller that comes with the UD-M30 can also be used to operate the basic functions of these optional units.

UD-M30/CDR-M30/DRR-M30/MS-50

Half mirror display window

MS-50 Compact Loudspeaker

- New Tweeter (25 mm Soft Dome)
- 110 mm Profiles Bass Unit
- New Front Baffle Mounting and Finish
- Newly Tuned Crossover to Match D-M30/M50
- Anti-magnetic Design

- General
- Enclosure..... 2-Way Reflex
- Impedance..... 6 ohms
- Recommended amplifier power.. 20 - 50 W (watts/channel)
- Frequency response..... 75 Hz - 20 kHz (3 dB)
- Dimensions 140 (W) x 240 (H) x 200 (D) mm
 5.5" (W) x 9.4" (H) x 7.9" (D)
- Weight..... 2.4 kg, 5.3 lbs

UD-M30 CD Receiver

AM/FM Stereo Receiver with CD Player

The UD-M30 is a super micro component that gives you a CD player and a FM/AM tuner in a single unit. With high-power output of 20 watts for each stereo channel (total 40 watts) and highly-acclaimed DENON Hi-Fi technology in the audio circuitry, the rich, high-quality sound from a unit as compact as the UD-M30 is a marvel to behold. The D-M30S system is supplied with a pair of Mission MS-50 loudspeakers.

- **Amplifier Section**
- Power Output..... 20 W + 20 W (6 ohms)
- S.D.B. (Super Dynamic Bass)
- Tone Controls (Bass, Treble)
- Source Direct Function
- 2 Audio Inputs and 2 Audio Outputs
- 2-ch PRE Outputs (Mono/Stereo)
- Easy-to-Use Remote Control
- Headphone Jack
- **Compact Disc Section**
- A wealth of Playback/Recording Functions
- Optical Digital Output Jack for Direct Transmission of Digital Signals
- Auto Edit Function

- **Tuner Section**
- AM/FM 40 Station Preset Memory Tuning
- Everyday/Once/Sleep Timer
- 24-Hour Clock
- **General**
- Power supply 120 V 60 Hz, 50 W
- Dimensions 210 (W) x 95 (H) x 325 (D) mm
 8.3" (W) x 3.7" (H) x 12.8" (D)
- Weight..... 3.8 kg, 8.4 lbs

CDR-M30 CD-R/CD-RW Recorder Optional

with Optional Remote Controller

Micro-Size CD Recorder for High Quality Digital Recording

The CD is probably the easiest way to listen to music wherever you go. Just about everyone has a CD player these days, so it would be wonderful if you could also record that high-quality digital sound onto CDs, not just play it back. On this CD, you could record only the music you want to listen, and play it in your car or on your portable player as well as at home. If you use a CD-RW disc, you can record on it as many times as you like. And of course, DENON makes sure the quality of the sound is no different from that of conventional CDs.

- Sampling Rate Converter
- 1 Set of Analog Stereo Inputs and Analog Stereo Outputs
- 2 Sets of Optical Digital Inputs
- Serial Copy Management System (SCMS)
- Synchronized one-touch recording of both analog and digital signals (All/1 track) *UD-M30 only
- Digital REC Volume
- Dual Speed Finalizing
- Text Input and Display

*A portion of the text input on a commercially available disc supporting CD text may not be correctly displayed on the CDR-M30.

■ General

Power Supply	120 V 60 Hz, 15 W
Dimensions	210 (W) x 95 (H) x 318 (D) mm 8.3" (W) x 3.7" (H) x 12.5" (D)
Weight	3.0 kg, 6.6 lbs

Note: CD-R audio discs recorded on the CDR-M30 can be played on most, but not all, standard CD players. CD-RW audio discs recorded on the CDR-M30 cannot be played on models that do not support CD-RW. Some DVD players cannot playback CD-R and/or CD-RW audio discs - check your DVD player's owner's manual for further information.

DRR-M30 Cassette Deck Optional

Single Cassette Deck with Dolby B noise reduction

The DRR-M30 is a single cassette deck featuring a horizontal loading mechanism to ensure smooth, stable tape travel, and the Dolby B noise reduction system. When connected to the UD-M30, the DRR-M30's CD-SRS function lets you start recording CDs onto tape at the single touch of a button. The DRR-M30 also provides a wealth of editing and playback functions, including One-Touch Auto Reverse and Music Search, to make this deck a truly versatile member of this system.

- Horizontal Loading Mechanism for Smooth, Stable Tape Travel
- Dolby B Noise Reduction System
- CD-SRS for One-Touch Recording from CD
- A Wealth of Editing and Playback Functions
- One-Touch Auto Reverse Operation
- Music Search
- Auto Tape Selector

■ General

Power Supply	120 V 60 Hz, 10 W
Dimensions	210 (W) x 95 (H) x 318 (D) mm 8.3" (W) x 3.7" (H) x 12.5" (D)
Weight	3.0 kg, 6.6 lbs
