Party Mode Function

A function has been added when playing back in party mode that enables attendees to perform controls such as selecting songs etc.

Also, DENON products that are connected to the network can control each other.

Participating in the party mode as an attendee

1 Press [MENU].
Turns on the Menu settings mode and the Menu appears on the display.

2 Press $\Delta \nabla$ to select "Network" – "Party Mode" – "Start Party" from the menu, and then press [ENTER], \blacktriangleleft /|| ENTER> or \blacktriangleright .

When the party mode starts, "Party Mode Attendee" appears on the attendee's display, after which the organizer's playback information appears.

Party Mode Display Attendee Display

• Press \blacktriangleleft to display the organizer's input source.

3 Press $\Delta \nabla$ to select the input source, then press [ENTER], \blacktriangleleft /|| ENTER> or \blacktriangleright .

4 Press $\Delta \nabla$ to select the item you want to play, then press [ENTER], \blacktriangleleft /|| ENTER> or \blacktriangleright .

The party mode function can only be used on a combination of DENON devices that are equipped with the party mode function.
